

Factory Wholesale High quality 12v lithium ion batteries 12v Stop Start car Battery pack

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: china
- Brand Name: Enook
- Model Number: Enook Battery Pack
- Payment Terms: TT PAYPAL

Product Specification

- Size: 255*165*215mm
- Working Humidity: 65+-20%RH
- Operating Temperature: -10 ~+50°C
- Cooling Method: Natural Cooling
- Voltage/Capacity: Customized
- Standard Voltage: 12.8V
- Working Altitude: ≤2500m
- Specification: 12V50AH
- Highlight: 12V50AH Lithium Ion Battery Pack,
Natural Cooling Lithium Ion Battery Pack,
Lithium Ion Battery Pack 6000 Cycles

Product Description

Product Description:

The battery pack is equipped with a natural cooling system that ensures optimal temperature regulation and prevents overheating, ensuring safe and efficient operation. With a size of 255*165*215mm, the battery pack is compact and lightweight, making it easy to install and transport.

Brand Name	enook
Model Number	Lifepo4 Lithium Battery Packs
Battery Size	18650
Place of Origin	China
Weight	Customized
The charging ratio	50C
The discharge rate	100
Nominal Voltage	12V
OEM/ODM	Acceptable
Nominal Capacity	5Ah
Color	Black
Type	Li-Ion/lithium/lifepo4
Brand	OEM Customized
Weight	0.9KG
Features	High Power Density
Keywords	Lithium Ion /lifepo4 Battery Pack
Applcation	E-bike

The Lithium Ion Battery Pack can operate in a wide range of temperatures, from -10 ~+50°C, and has a working humidity of 65+-20%RH, making it ideal for use in various environments and conditions. The battery pack has a cycle life of 3000-6000 Cycles @ DOD80%/25degree/0.5C, which means it can be recharged and discharged multiple times without losing its capacity or performance.

Whether you need a reliable energy source for your electric vehicle, backup power system, or renewable energy storage, the Lithium Ion Battery Pack is an excellent choice. Its high capacity, long cycle life, and natural cooling system make it a dependable and cost-effective energy solution that will last for years to come.

Features:

Product Name: Enook Battery Pack

OEM/ODM: Acceptable

Operating Temperature: -10 ~+50°C

Standard Voltage: 12.8V

Net Weight: 9KG

Type: Lithium ion electric bike battery pack

Capacity: 48v 60v 72v 40ah battery pack

Applications:

Product Application Occasions:

1. The Enook Battery Pack can be used as a power source for electric bikes. The 12V50AH battery pack can be used for 48v 60v 72v 40ah battery pack and other similar applications.
2. The Enook Battery Pack can be used for backup power in homes and offices. The battery pack can store energy for use during power outages. It is a reliable and efficient source of backup power.
3. The Enook Battery Pack can also be used for camping and outdoor activities. It is a portable and convenient power source that can power camping equipment and other outdoor devices.

Product Application Scenarios:

1. Lithium ion electric bike battery pack - The Enook Battery Pack is a perfect fit for electric bikes. It can power different types of electric bikes, including 48v 60v 72v 40ah battery pack and other similar applications. The battery pack is lightweight and easy to install, making it an ideal choice for electric bike enthusiasts.
2. Backup power source - The Enook Battery Pack is a reliable backup power source for homes and offices. The battery pack can store energy for use during power outages. It can power essential home appliances such as lights, refrigerators, and computers.
3. Outdoor activities - The Enook Battery Pack is a portable and convenient power source for camping and outdoor activities. It can power camping equipment such as lights, fans, and portable refrigerators. The battery pack is easy to carry and can be recharged using a solar panel.

Enook Battery Pack is a high-quality product that is built to last. It is designed to meet the needs of different applications and scenarios. The Enook Battery Pack is available for purchase with TT PAYPAL payment terms.

PRODUCT PARAMETERS

12V: 50AH/100AH/150AH/200AH/300AH

24V: 50AH/100AH/200AH

Customization:

Enook, a trusted brand in the industry, offers product customization services for the Enook Battery Pack - a reliable and high-quality lithium ion electric bike battery pack. Made in China, this battery pack can be customized according to your voltage and capacity requirements. It has a net weight of 9KG and a size of 255*165*215mm, making it easy to install on your electric bike. The Enook Battery Pack can operate in temperatures ranging from -10 to +50°C and can be used in altitudes of up to 2500m. We accept TT and PayPal as payment terms for your convenience.

PRODUCT COMPOSITION

IP65

A Grade Lifepo4
Battery Cell ABS

Flame
